

ASK FOR EIGHT DAY ARMISTICE

**Nazim Pasha Instructed
to Apply to Bulgarian
Commander for Truce**

MAY TALK PEACE TERMS

**Act Shows Turks Have Little
Hope of Being Able to Hold
Tchatalja Against Bulgars**

BULGARIANS MAKE NO ANSWER

LONDON, Nov. 13.—The porte, on the advice of Russia, has instructed Nazim Pasha, the Turkish commander-in-chief to apply to the Bulgarian commander for an eight-day armistice, with a view to opening direct negotiations for peace.

This decision seems to show that Turkey has little hope of being able to hold the Tchatalja lines against the Bulgarian advance. There is no news yet, however, as to how the Bulgarian commander met the Turkish request.

The situation at the front, owing to the paucity of the news allowed to filter through from either side, is confusing. Clearly there has been heavy fighting, as on November 12th, Constantinople reported that numerous wounded were arriving from the front and the almost invariably accurate Vienna "Reichspost" correspondent has reported the capture of positions by the Bulgarians in the neighborhood of the Tchatalja lines. The same correspondent now says that the main attack of Tchatalja has been delayed two days by rain.

The powers at last have arrived at some kind of an agreement with respect to mediation. It is assumed, however, now that the porte has opened negotiations with Bulgaria, European intervention will not be needed. The diplomatic situation is easier, but the French premier, M. Poincaré, in a speech delivered at Paris tonight did not speak too hopefully, and proof that all danger is not passed is seen in the ominous reports from Russia's western provinces. M. Poincaré declared it to be essential that Europe should advance no pretensions on the fruits of the allies' victories, and he expressed the fervent belief that would be impossible that the Balkan difficulties could lead to a war, the most frightful that ever laid Europe low. The report that the Servians have reached Durazzo is not confirmed and no news has been received from other points. Serious internal difficulties are developing in Constantinople, and the guard has taken strong action in arresting the Young Turk leaders.

Negotiations for Armistice.
Constantinople, Nov. 13.—That the porte has entered into direct negotiations with Bulgaria for an armistice is confirmed. Nazim Pasha, the Turkish commander in chief has received instructions to open communication with the Bulgarian generals and he has sent an envoy to the Bulgarian headquarters. The porte appears resolved upon this course, owing, on the one hand, to the delay of the powers in handling the mediation proposal and in other hand to divergence of views the proposal has occasioned among the powers.

The porte according to official circles is unwilling to add to the existing embarrassments of the powers. It is understood here that only four of the powers agreed to submit the mediation proposal, while two, presumably Austria and Germany, abstained from participating. Under these circumstances the porte elected to apply direct to the belligerent—Bulgaria and there is reason to believe that the same will be adopted in the negotiations in the future.

No Fighting at Tchatalja.
Constantinople, Nov. 13.—In the last 48 hours, according to advices received here there has been no fighting on the Tchatalja lines, owing, it is believed to the fact that the negotiations for an armistice are proceeding direct with the Bulgarians. Another factor which probably has contributed to upset the Bulgarian plans is the outbreak of cholera. The Englishman in charge of the Karaburnu light house reports that Bulgarian scouts fired upon a tug loaded with refugees from Silivry, wounding one. It is semi-officially stated that the port has not yet received the reply of the powers to its request for mediation and that the powers have taken no step with the Balkan states with a view to mediation.

King Replies Emphatically.
Rieksa, Nov. 13.—The Austro-Hungarian minister made diplomatic representations yesterday to King Nicholas with reference to Montenegro's action against Alessio and the port of San Giovanni di Medua. He declared that those two places were reserved for Autonomous Albania. To this the king replied emphatically that no such reservation had been made.

Will Retain Troops.

WOULD INVESTIGATE CAUSES OF DEATH

**300,000 BABIES DIE ANNUALLY
WHO SHOULD LIVE**

**Woman's Clubs Will Begin Inquiry to
Ascertain Cause of Children's Death
—Would Record Births Same as
Marriages are Recorded.**

Aurora, Ill., Nov. 13.—The government of the United States has taken up the challenge of News-Holme, an English statistician, that 300,000 American babies under one year of age who die annually, should live. Miss Julia Lathrop, director of the children's department of the department of commerce and labor, told of the plans tonight before the woman's club convention.

"The bureau has begun a sweeping inquiry into the reasons why these children die," said Miss Lathrop. "One noteworthy feature of this inquiry is that we are going to go to the birth, not the death records. We will take some certain small typical communities to get our inferential data."

"We want the co-operation of every mother, every woman's club, every doctor and public officers in our quest of these invaluable figures. Ours will be a campaign for better birth registration. We can't tell the proportion of children who die until we know the number of those who are born."

"We have only eight states which adequately record births of children, the New England states and Pennsylvania and Michigan. Their records are not perfect but they are complete enough so that they are now recognized by the government. About 90 per cent of the births are recorded in these states. In the nation at large there is practically no birth records kept. Only 58 per cent of the deaths are recorded."

"Our own most eminent authorities tell us that at least half of the 300,000 children under one year who die annually can be saved by application of the methods we already know about."

"Now is it not better to begin the inquiry as to the needless loss of children's lives by urging on our people to give to the birth of the young just as much dignity and care as to the marriage of parents."

"We want people to understand that to preserve the nation they must first save the lives of its most precious asset, its babies."

Suffragists who are determined upon making equal rights, an issue at the convention, are apparently to be quietly but firmly suppressed. While almost all the delegates have expressed themselves for the ballot they have also voiced a decision not to permit of the state federations going on record either for or against votes for women.

A careful canvass of the convention today revealed that almost 200 of the 300 delegates are against making the suffragists cause an issue although almost all of them favored it as a political measure.

Mrs. John Bass, former president of the federation; Mrs. Minnie Starr Granger, present head of the organization; Mrs. S. F. Dewey and Mrs. Franklin McCall, candidates for the presidency, and numerous other leaders, expressed themselves in opposition to the suffragists' plan.

The suffragists who insist upon making the ballot an issue are supporting Mrs. Freeman B. Brown for president. She was nominated today by Mrs. Myra Strawn Hartshorn Brown, leader of the Chicago Woman's party, an organization yet in embryo. The election will take place tomorrow.

LIANG MEN TING RESIGNS.
Peking, Nov. 13.—Liang Men Ting minister of foreign affairs, has resigned. The reason for his resignation it is understood was his refusal to comply with the wishes of the cabinet and begin negotiations with Russia concerning Mongolia, which Liang Men Ting considered tantamount to recognizing the autonomy of Mongolia.

According to a Chinese report Russia had pledged herself in secret agreement to help maintain Mongolian independence, extend the Mongolian territory to the great wall and obtain international recognition of Mongolia as a new state. In return Mongolia was to grant to Russia railway and mining concessions and supervision of her foreign relations.

WILL NOT OPPOSE CLARK.
Washington, Nov. 13.—Representative Henry of Texas, chairman of the Rules committee of the House, who was a candidate for speaker two years ago, announced today that he would not oppose Speaker Clark when the new Democratic house is organized after March 4th. It is understood also that William Jennings Bryan is favorable to the re-election of Mr. Clark as speaker. Expressions from Democratic members of the house who have reached Washington indicate that the speaker has little or no opposition for re-election.

LANDS AT MOSOLEVO.
Kansas City, Nov. 13.—George M. Meyers, president of the Kansas City Aero club, received a cablegram tonight from John Watts, the Kansas City balloonist now in Berlin saying: "Landed at Mosolevo; third place and protested disqualifications."

Watts was pilot of the balloon used in the recent international balloon races starting from Stuttgart, Germany.

BROACHES NEW PLAN FOR EX-PRESIDENTS

**BRYAN WOULD GIVE THEM RIGHT TO
DEBATE IN CONGRESS**

**Also Includes ex-Vice-Presidents and
ex-Speakers of the House—Favors
Change in Time of Convening Congress.**

Washington, Nov. 13.—A plan to admit ex-presidents, ex-vice-presidents and ex-speakers of the house of representatives to the floors of the houses of congress with the privilege of debate, but not of voting upon pending measures, was broached here today by William J. Bryan.

Mr. Bryan's statement was couched with a declaration that he favored a change in the time of convening congress so that the new sessions would begin shortly after new members took office March 4th. He declined to discuss the outlook for an extra session when President-elect Wilson assumes office next spring, saying "the president-elect is considering the subject of a special session and I do not care to advise him through the newspapers."

"The question is often asked 'what shall we do with our ex-presidents?' Mr. Bryan said. 'Now that we soon will have two ex-presidents and now have three vice-presidents, it might be worth while to consider what means could be employed to utilize their experience and accumulated information. It seems to me that the nation might avail itself of their services and at the same time afford them a dignified means of keeping in communication with the public.'

"It has occurred to me that though these ends could be attained by a law giving an ex-president the privileges of the floor in both the senate and house with permission to take part in debate, without, of course, the privilege of voting or serving on committees. The retiring vice-president should be given these privileges on the floor of the senate under the same limitations, and I see no reason why they should not be accorded to an ex-speaker of the house if he retires from congress."

Asked if his plan contemplated salaries, Mr. Bryan replied, "not necessarily. In fact, it ought not to be considered from the standpoint of benefiting the persons to whom the privileges should be granted. At this time the plan proposed would extend its benefits in the main to republicans as there is one Republican ex-president and soon will be another, while there are two Republican ex-speakers, and one Democratic vice-president, Mr. Adlai E. Stevenson. It looks now, however, as if we were entering upon a Democratic era and that the proposed law would not be a one-sided one. Besides such a matter ought to be looked at from a higher standpoint than that of political advantage."

DUNNE WILL CHAMPION PUBLIC COMMISSION

**Is One of Measures Endorsed By
Governor Deneen and Is Being
Investigated By a Committee.**

Chicago, Nov. 13.—Governor-elect Dunne today announced that he expected to champion the passage of a public utility commission bill by the next legislature. This is one of the measures endorsed by Governor Deneen during the last session of the general assembly. A committee was appointed to investigate the subject. This committee has since been inquiring into the matter, and has visited New York, Massachusetts and Wisconsin where public utility commissions are part of the state government. About the last of November hearings will be conducted by the committee in Chicago and arguments for and against such a commission will be heard.

Later the committee expects to prepare utility bills for introduction into both branches of the legislature. It is said that the committee favors the New York plan where the law provides for two commissions, one for New York city and the other for the state at large. The committee thinks there should be a commission for Chicago and another for the state, and it is probable that the bills will be so drawn.

WILSON TO VISIT KANSAS.
Lawrence, Kan., Nov. 13.—President-elect Wilson will visit Lawrence next month to attend the National convention of the Social Center association, according to a notification received from him today by Chancellor Frank Strong of the University of Kansas, fourth vice-president of the association.

Other speakers will include Jane Addams, of Chicago, and Herbert Quick of Des Moines, Iowa. The object of the convention is to work toward making school house social, civic and recreational centers of the neighborhood.

MAY BE SENT TO JAIL.
Chicago, Nov. 13.—Mrs. Margaret Kirby, wife of a South Side physician-banker whose affairs have been under investigation in United States Judge Landis' court, may be sent to jail as the result of a continued defiance of Judge Landis' orders.

The court had ordered her to turn over \$20,000 of missing assets of the defunct Kirby Savings Bank at a certain hour this afternoon. Mrs. Kirby failed to obey his order.

Judge Landis then entered an order directing that Mrs. Kirby appear before him tomorrow, and show cause why she should not be sent to jail for contempt.

WILL CARRY OUT CAMPAIGN PLEDGES

**PRESIDENT ELECT WILSON
MAKES ANNOUNCEMENT**

**Says Most of Big Correspondence is
of a Congratulatory Nature—Has
Fairly Complete List of Men Who
Have Expressed Themselves on
Advisability of an Extra Session.**

Princeton, N. J., Nov. 13.—President-elect Wilson announced tonight in speaking of the tariff and the monopoly question that he purposed to carry out the pledges he made in his campaign speeches to cut special privilege out of the tariff schedules, prevent unfair competition in business and to destroy private monopolies.

The president-elect had been asked whether the big correspondence he received after his election contained any inquiries as to his attitude on the tariff or monopoly questions.

"Most of the letters," he replied, "were of a congratulatory nature. There are some cabinet suggestions, but nobody seems to think it necessary to ask questions about the tariff or the monopolies."

"Do you mean that people take it for granted you will carry out the pledges made in your campaign speeches?" he was asked.

"Yes, they certainly will be carried out so far as I am concerned."

In his campaign speeches, the governor often reiterated that the revision of the tariff should be undertaken immediately. It is believed that this idea now will find expression in a call for an extra session of congress to consider the tariff question as well as other subjects which were issues in the campaign.

Has Fairly Complete List.
Governor Wilson just now has in hand a fairly complete list of men who have expressed themselves publicly on the advisability of an extra session. It is known that the president-elect has made up his mind on the subject and soon will make known his attitude. He is of the idea that the work of tariff revision can be undertaken without a series of long investigations. He was informed that a New Jersey congressman had suggested that if it were a possible thing committees of Democrats ought to get together and investigate the various schedules.

"There have been investigations in every congress," remarked the governor. "I have studied the problem all my life. I think there is a definite idea of what ought to be done."

Does Not Read Speculations.
While the president-elect is reading assiduously the opinions about an extra session he is just as carefully refraining from looking at the various speculations which are being printed as to the probable personnel of his cabinet. This was revealed in connection with the visits today of Judge Wm. R. King, Democratic national committeeman from Oregon and Lieutenant General Nelson A. Miles, U. S. A., retired.

Governor Wilson said General Miles had called unexpectedly to pay his respects. The correspondents informed him that the names of both General Miles and Judge King had been mentioned in despatches from Washington concerning the make-up of his cabinet. The governor said he did not know of this.

"I am fortunate," he said, "in not reading the speculations, so I am innocent of any embarrassment."

While Governor Wilson was out walking this afternoon an apparently intoxicated man twice attempted to shake him with him. The secret service men intervened and led him away.

COMMISSION SUSPENDS INCREASE.
Washington, Nov. 13.—An increase from 25 to 28 1/2c a hundred pounds in the freight rates on lumber shipped from points of origin in Texas and Louisiana to Des Moines, Iowa, and similarly situated destinations, today was suspended by the interstate commerce commission from November 15th to March 15th. An investigation of the proposed advance already is in progress.

MILITARY STUDENTS DISMISSED.
Washington, Nov. 13.—Two members of the first class of the United States military academy Wallace W. Crawford of California, and Frank W. Brooks of Minnesota, have been dismissed for violating the regulation against drinking. For the same offense Robert W. Crawford of New York and Phillip L. Thurber of Illinois also first class men, have been suspended without allowances or pay until August 28th, 1913.

REFUSE \$60,000 BONDSMAN.
Chicago, Nov. 13.—Jack Johnson's attorneys today offered a bondsman, a property holder who could qualify for \$60,000. On learning that the proffered bondsman was to be indemnified and paid for acting he was refused.

"The government will fight any attempt to give an indemnity bond for the defendant," said District Attorney Wilkerson.

Darmstadt, Nov. 13.—A fatal accident here today between groups of German and Russian students of the technical university. One Russian student was killed and a number of Russian and German students wounded.

FIFTEEN KILLED IN INDIANAPOLIS WRECK

**INSPECTORS LAY DISASTER TO FAILURE
TO INSTALL BLOCK SYSTEM**

**Passenger Collides Head-on With
Heavy Freight While Running 40
Miles Per Hour—Injured Had to
be Chopped Out With Axes.**

Indianapolis, Ind., Nov. 13.—According to the inspectors for the Indiana railway commission and disastrous wreck on the Cincinnati, Hamilton & Dayton railway at Irvington, a suburb, today in which 15 persons lost their lives and 17 others were seriously injured, was the result of the company's failure to install a block signal system as it had been ordered to do by the commission. The order was issued some months ago.

The wreck, it is said, was caused by the failure of the head brakeman to close the switch to a siding on which a freight had been run to let the rapidly running passenger train which was more than an hour late pass. Carl Gross, the head brakeman, it was reported, assumed blame for the disaster. He has not been arrested, but is under police guard at a hospital, where he lies with a broken leg. Later he denied he was responsible, saying he was under the influence of an anesthetic.

Following is a corrected list of the dead:

C. F. Gruenhoef, 4440 Darrow avenue, Cincinnati.
Albert Allen and wife.
Ben Boyle.

William Sharkey, engineer of the passenger train, Indianapolis.
Irvin M. Wiggins, married, conductor of the passenger train, Indianapolis.

Clem Imholt, theatrical man from Los Angeles, Cal.
Horace B. White, brakeman on passenger train, Indianapolis.
J. L. Palmer, Itawava, Tenn.

Charles Cheney, 13 years old, Jackson, Ky.
Julia Cheney, wife of Clifton Cheney, Jackson, Ky.

Chester Cheney, five months old, son of Julia and Clifton Cheney.
John Cheney, 52 years old, Breathitt, Ky., died at Deaconess hospital.

Two year old daughter of Clifton Cheney, Jackson, Ky., died at Deaconess hospital.
C. Burg, fireman on passenger train.

The passenger train was No. 36 from Cincinnati to Chicago and was running more than an hour late. The engineer was trying to make up time and at the time of the head-on collision with the heavy freight train on the siding was running more than 40 miles an hour. He had been given a clear track and had apparently not intended to slow up until he had entered the yards. Both he and his fireman were dead in the cab of their engine, death being instantaneous, according to indications.

All of the dead passengers were in the smoker and day coach which were immediately behind the steel reinforced mail car that acted as a battering ram. Both of these cars were of wood and were completely demolished. So completely were they splintered that very little of them remains intact.

They were telescoped and it was with difficulty that the bodies of the dead were extricated. The injured in many cases had to remain pinned under the heavy timbers until they could be chopped out with axes.

MURDER SUSPECT SAID TO HAVE CONFESSED

**Arthur Reich Charged With Slaying
Chicago Policeman—Arrest
Result of Large "Dragnet."**

Chicago, Nov. 13.—Arthur Reich, a 25-year-old teamster, arrested today after a fight in which he attempted to stab detectives, was said by the police to have confessed to the murder of Patrolman Charles Jones on the northwest side last Sunday afternoon. Reich's arrest resulted from one of the largest police "dragnets" ever spread in the city. Scores of plainclothes men and uniformed officers were sent into the northwest side after Patrolman Jones had been shot to death, with orders to arrest every man who might by any chance have been connected with the Jones murder.

Hundreds of arrests were made, and the police visited every saloon, pool room, restaurant and theater in the district in efforts to find the murderer. The police department asserted that Patrolman Jones and one other patrolman had been killed and several officers wounded as the result of a fight on the police growing out of the hanging of the four Guelow murderers about a year ago. Guelow was a truckman who was murdered in a brutal manner as he was driving a load of vegetables to market early one morning. His slayers were convicted upon evidence furnished by the police department.

OPERATION DELAYED INDEFINITELY.
Chicago, Nov. 13.—Dr. Arthur Dean Bevan issued a bulletin at the Presbyterian hospital this afternoon stating that the proposed operation on former United States Senator William Lorimer had been delayed indefinitely.

"Mr. Lorimer is so much improved that we have decided not to operate at this time," said Dr. Bevan. "If it is possible we will carry him through this attack without an operation. His general condition is good."

FINANCIAL TROUBLE LEADS TO MURDER

**FORMER EDITOR IS SHOT DOWN
IN FRONT OF THEATRE**

**Murderer Kills Four in His Attempt to
Take Victim's Life and Makes His
Getaway—Blows off Own Head When
He Sees Escape is Impossible.**

CLIFTON, ARIZ., NOV. 13.—Franklin B. Dorr, formerly proprietor and editor of the Douglas, Ariz., Daily Dispatch, was shot and killed here today by William Allender. Allender attempted to escape and when surrounded by officers, he committed suicide by shooting himself. Dorr was a graduate of the University of Wisconsin law school, was 45 years old and leaves a widow.

After shooting Dorr, Allender barricaded himself in his carpenter shop, which was surrounded by officers and citizens and when he saw that escape was impossible he blew off the top of his head with a revolver.

The shooting occurred in front of a moving picture theater which was recently purchased by Dorr. Dorr and his wife were leaving the theater, one of the former owners of the theater, approached and began shooting. Dorr fell dead at the first shot and the second charge pierced the heart of John Barrone, a saloon-keeper. Re-loading his gun, Allender retreated to his carpenter shop in which he took refuge after a parting shot into the crowd which found a lodging in two Mexicans. For an hour deputies and armed citizens besieged the shop firing many shots in to it. During the shooting Allender was wounded several times. The shooting was the result of financial differences between Allender and Dorr over the purchase of the theater.

CANALEJAS ENTOMBED WITH HIGH HONORS

**Entire Spanish Nation is in Mourning
in Honor of Dead Premier.**

Madrid, Nov. 13.—The body of the Spanish premier, Jose Canalejas, was entombed in the Spanish Pantheon this afternoon with the highest national honors. The entire nation is in mourning and all civil life and business was suspended in Madrid until after the ceremony.

King Alfonso, accompanied by Prince Charles of Bourbon-Siciles, and Prince Ferdinand of Bavaria, infants of Spain, walked behind the remains from the chamber of deputies to the pantheon, while 250,000 persons stood with uncovered heads in tribute to the dead premier. The members of the diplomatic corps and an official from every department of the government attended the funeral.

Manuel Pardinias, the assassin, according to the police, died without making any statement. The exact motives for the deed, therefore remain a mystery.

WILL OPPOSE RE-ELECTION OF GOMPERS

**Members of Radical Wing of
Convention of American Federation
of Labor Make Assertion.**

Rochester, N. Y., Nov. 13.—So far as the American Federation of Labor is concerned there is no such organization as the International Association of Steam, Hotwater and Powerpipe Fitters and Helpers of America. This declaration was made today by President Gompers before the convention of the federation and the convention upheld him when, after an all-day debate and by a vote of 192 to 31, refused to seat the delegates of the international association. The reason—given by President Gompers and the delegates who backed him up is that the United Association of Journeymen Plumbers, Gas-fitters and Steam-fitters' helpers of America, which is affiliated with the federation, takes its members of the steam-fitters' trade and it would be contrary to the federation's principles to recognize more than one international union in a single trade. Members of the radical wing of the convention, which includes nearly 100 Socialists, assert that vigorous opposition will be made to the re-election of President Gompers.

Must Compete With Suez.

PRESIDENT FIXES PANAMA RATES

**Proclamation Covers Only
Rates For Foreign
Shipping**

TOLL \$1.20 PER NET TON

**Declaration Made On Report of
Prof. Johnson Who Gives Several
Reasons For Rate.**

EXPECTS HEAVY TRAFFIC

Washington, Nov. 13.—President Taft tonight issued a proclamation fixing the rates the foreign shipping of the world shall pay for passage through the Panama canal. The proclamation made under authority of the canal act, passed by congress in August, establishes a merchant vessel rate of \$1.20 per net ton of actual carrying capacity, with a reduction of 40 per cent on ships in ballast. The provisions of the proclamation are as follows:

Provisions of Proclamation.
1. On merchant ships carrying passengers or cargo \$1.20 per net vessel ton, each 100 cubic feet, of actual earning capacity.

2. On vessels in ballast without passengers or cargo, 40 per cent less than the rate of tolls for vessels with passengers or cargo.

3. Upon naval vessels other than transports, colliers, hospital ships and supply ships, 50 cents per displacement ton.

4. Upon army and navy transports, colliers, hospital ships and supply ships \$1.20 per net ton, the vessels to be measured by the same rules as are employed in determining the net tonnage of merchant vessels.

"The secretary of war will prepare and prescribe such rules for the measurement of vessels and such regulations as may be necessary and proper to carry this proclamation into full force and effect."

No Reference to Coastwise Shipping.
American coastwise shipping was exempted from toll payment by congress. It was to this provision of the act that Great Britain diplomatically protested but no reference to the incident was made in the president's proclamation. American naval vessels are exempted without a specific mention either in the act of congress or the proclamation because the authorities believed it unnecessary to explain the uselessness of payment, from its navy department pocket to the one belonging to the treasury department. The rates named in the proclamation are practically the same as those which will be in force at the Suez canal next year.

The president based his declaration of rates upon the report and investigation of Prof. Emory R. Johnson, of the University of Pennsylvania, an expert designated by executive order for the task. The report has been awaited with interest by shipping interests throughout the world.

Based on Johnson's Report.
According to Prof. Johnson's report to the president made public tonight, the Panama canal should be upon a self-sustaining basis in twenty years. It should compete successfully with the Suez route for the traffic of Europe with South American west coast points and with New Zealand but cannot be expected to compete successfully for Europe's trade to the far east.

Taking the estimates of the canal commission for expenses of operation and maintenance of the canal and for the improvements held to be necessary at the end of decade, Prof. Johnson figures that the rate per net ton can be reduced at the end of ten years to \$1. Even with this rate, which he says, probably will correspond closely with the rate that may then be enforced through the Suez canal, the United States will obtain enough revenue from foreign vessels to pay all fixed charges, provided a sinking fund of 1 per cent to retire the Panama canal bonds, and still find a heavy balance.

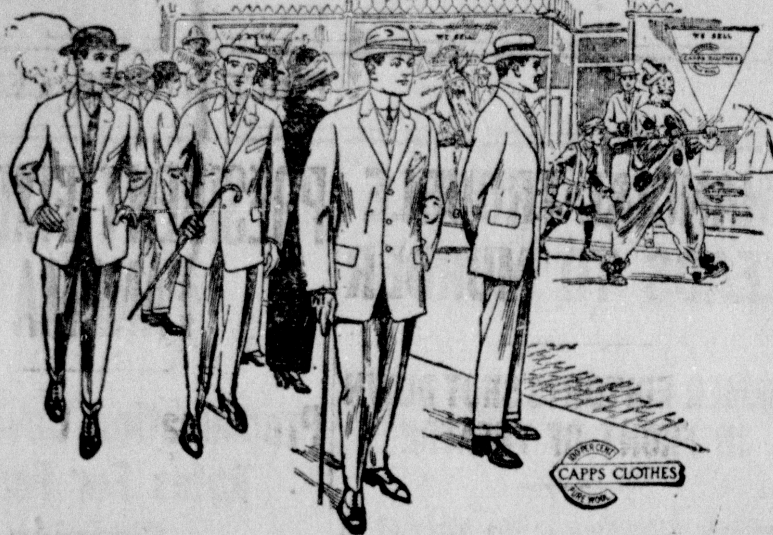

Expects Heavy Foreign Traffic.
The Johnson report shows that a foreign traffic of about 9,000,000 tons may be expected through the canal during its first two years of operation, a traffic of more than 11,000,000 tons in 1920 and 14,000,000 tons in 1925. Although not maintaining that his estimate is final, Prof. Johnson declared that an increase of 60 per cent a decade in tonnage could be looked for and that this would make the canal self-supporting in twenty years.

The report goes into all phases of the canal tolls question. Prof. Johnson's defense of the \$1.20 rate for merchant vessels is based on several grounds:

It reads in part as follows:
"Toll of \$1.20 per net ton on loaded merchant vessels and a reduction of 40 per cent from the standard rate in the case of vessel in ballast will place the Panama canal and its rival, the Suez canal, upon an equal competitive footing."

Must Compete With Suez.
The Panama canal must compete with the Suez route for the commerce of the eastern seaboard of the United States and of the Atlantic.

We Want You To Come
And Hear

Jacksonville's Greatest Sin

Discussed by Rev. Clyde Dar-
sie at Central Christian Church

TONIGHT

Come and bring one or more
with you.

JACKSONVILLE'S GREATEST SIN

Will Be Discussed at the Central
Christian Church Revival Tonight
—"A Bargain With God" Subject
Last Evening.

The meetings at the Central Christian church, under the leadership of the pastor, are growing in interest and attendance. A good sized audience was present Wednesday evening to hear the sermon from the subject, "A Bargain With God." The choir, under J. Philip Read as the leader gave some stirring songs and Miss Taylor sang, "His Eye is on the Sparrow," most impressively.

The pastor read the eighth chapter of Hebrews, which he used as a basis for his remarks. He made it clear that religion applied to secular things as well as those in the spiritual world. God does not exclude anyone from accepting the offers of salvation and he calls men to enter into covenant with him from the various walks of life.

The following are some of the truths which the pastor presented: God dwells with people in the secular life by covenant, as well as in the religious life.

Some people carry religion in a water tight department so it will not touch other parts of their life.

Some people set aside certain hours on Sunday to be given over to religious work.

The only religion is the religion that applies to secular things as well as to religious things.

A religion that can not be used in every day life is no religion at all.

God laid down conditions. God either accepts or rejects them. Each one is a covenant. He covenants with the farmer, the miner and the engineer as well as with Adam, Cain, Abel and Noah, under the old covenant.

We are ruled to day by the covenant of Jesus Christ.

What is the covenant that comes to us to day? We find this taken from the Book of Acts, which is the new covenant, our salvation, which we may divide into three parts: First you must believe in the Lord Jesus Christ; second, you must repent of evil, of past life and turn from it; third, you must start out in a line of obedience and baptism. The subject for to night will be "Jacksonville's Greatest Sin."

EAST SIDE TUESDAY CLUB.
The East Side Tuesday club met Tuesday evening at the Woman's college, Mrs. Albert Metcalf and Miss Winnie Wackerle being the hostesses. A musical program was given consisting of a piano solo by Miss Nicholson, vocal solos by Miss Beebe and Miss Louise Miller, and Miss Vero Tomlin gave two readings. A game of progressive conversation was played and the entire program was in charge of the president, Mrs. Albert Baldwin. Light refreshments were served.

CONFERENCE OF CATHOLIC STUDENTS.
Ames, Iowa, Nov. 13.—Several hundred delegates from leading colleges and universities throughout the country have arrived here to attend the annual conference of the National Catholic Students' association. The session will be held at Iowa State College, beginning tomorrow and continuing until the end of the week.

DIES OF HYDROPHOBIA.
Cleveland, O., Nov. 13.—Bitten on the arm, three weeks ago by a puppy, Mrs. Florence Dietz, a bride of three months, died today of hydrophobia in a hospital here. The bite was not thought to be of much consequence until the puppy bit another dog and both canines died with symptoms of rabies. Four days ago, Mrs. Dietz became seriously ill and delirium and death followed. The puppy that bit Mrs. Dietz was a wedding present from her husband.

ILLINOIS WILL MEET SHURTLEFF

HARD AND FAST GAME SCHEDULED FOR SATURDAY.

Lincoln Will Come Here for Contest Thanksgiving Day—May Cancel Game With Christian Brothers College.

Football is all the talk on the Illinois campus the last few days. The approaching game with Shurtliff on next Saturday on Illinois field, the probable substitution of Normal university in place of the Christian Brothers college team on Nov. 23, and the scheduling of a Thanksgiving day game on the local field with Lincoln college, have furnished topics for unlimited football talk and conjecture.

The Shurtliff Game.
The Shurtliff game on next Saturday afternoon is just now occupying the complete attention of the players and coach. Every man on the team came out of the Gem City game in good condition. Kingsley is back in the game for the first time since the Millikin game. Jaccard, who has been out since the Bradley game is slowly getting back into playing condition. Blacketter, after a long absence from the game, again donned his suit yesterday afternoon and declared that he was out to stay during the remainder of the season.

The heavy rain spoiled practice on Tuesday afternoon and left the field heavy for yesterday's work. A short scrimmage with the high school team yesterday betrayed the results of two days' absence from practice. A longer and harder scrimmage will probably be held this afternoon. A number of new plays are to be tried out in preparation for the Shurtliff contest. Then a long signal drill on Friday should have the team in good shape for the fray. Every man on the squad knows that in order to win on Saturday he must play the hardest kind of football.

May Cancel St. Louis Game.
For several days Manager Jensen has been in correspondence with the Christian Brothers college team of St. Louis relative to cancelling the contest scheduled on Nov. 22. The St. Louis college does not seem to stick closely to eligibility regulations and this fact has led to a desire on the part of the Illinois management to cancel the game.

Lincoln Comes Turkey Day.
The securing of a Turkey day game on the home gridiron is hailed with joy by the Illinois students. It has been eight or ten years since the Blue and White players have been seen in action on Thanksgiving day in Jacksonville. For several years a faculty regulation prohibited a game on that date, but that restriction was removed last year. Lincoln college will be the drawing card. The Illinois management was extremely anxious to secure the game to be played in Lincoln. The Jacksonville high school plays in Springfield on Thanksgiving Day so, in order to give local football fans an opportunity to see a game on a day when business does not prevent their attending, Lincoln college was finally induced to play the game here. In future years the college will probably alternate with the high school in playing the Thanksgiving Day game at home.

DISPOSE OF QUESTION OF BASEBALL SALARY LIMITS

Members of National Association of Professional Baseball Clubs Settle Important Problem.

Milwaukee, Wis., Nov. 13.—The question of maximum salary limits affecting baseball teams, members of the National Association of Professional Baseball club was disposed of night when all classes, with the exception of AA presented reports to the convention which were adopted as follows:

Class A, \$3,600 per month; Class B, \$2,500, with the exception of the Northwestern league which it was agreed should be allowed \$1,000 additional; Class C, \$1,400; Class D, \$1,200.

These amounts do not include the salaries of managers. If a manager also holds a playing position and arrangement can be made whereby he may be allowed a certain amount as a player and an additional compensation as manager.

The clubs embraced in class A; the American association, Pacific Coast league and International league, sent in a sealed report, and it is understood, have agreed upon a limit, but as none of the representatives of these clubs was present when the reports were read at the meeting the amount of salary limit was not made public.

A motion was adopted providing that the salaries of all leagues report to the national secretary by Feb. 15, 1913, upon individual players in their respective leagues.

A nice selection of bathrobes and smoking jackets can be had at Garland & Co's.

RIOT IN HOUSE OF COMMONS.
London, Nov. 13.—The house of commons the popular house of the "Mother of Parliaments" the scene tonight of a riot over Premier Asquith's proposal to rescind the action of Monday, when the Unionists carried by a majority of 23, Sir Frederick Banbury's amendment defeating the most important financial feature of the home rule bill. The Unionists refused to permit the debate and the session was forced into adjournment.

STILL TEN VOTES AHEAD.
San Francisco, Cal., Nov. 13.—Col. Roosevelt by latest official and unofficial returns was ten votes ahead of Governor Wilson in California's vote for president at 10 o'clock tonight.

History Is Repeating Itself

Last year we had the very finest nuts that came to this market. There's a vast difference in nuts, and the ones we offered our customers were of absolutely the highest quality. They had flavor and sweetness and the shells were thin and crisp. This year we are duplicating last season's accomplishment and our east window is crowded with nuts that are simply perfect. We have a big supply of them for the Thanksgiving and holiday demand and want you to see them. To see them is to buy.

Almonds—the very best of the almond family; Brazils—the polished, clean meated sort; Pecans—large thin shelled, unpolished; Filberts—Jumbos that arrest every eye; Hickory, new crop shell bark.

THANKSGIVING COOKERY.
Raisins, currants, figs, dates and citron, lemon or orange peel will have a large part in the Thanksgiving cookery. Our specially selected raisins are in a class by themselves and the other articles mentioned will be found of a quality which will give a delicious flavor and richness to fruit cake or plum pudding.

POULTRY DRESSING.
Half of the success of the dressing with a turkey, duck or chicken is in the seasoning. For the finest seasoning try our paprika, onion salt or celery salt. The flavor of the dressing will suit your taste.

SUITED TO THE SEASON.
Just a few offerings to remember:

Filled Dates, Filled Figs, Tropical Glace Fruits, Whole Pickled Peaches, Lobster Shrimp Crabs, Crab Meat, Boned and Deviled Chicken.

Monarch Mine Meat with Brandy, Monarch Plum Pudding, Sweet Cider, Boiled Cider in 26 oz. bottles, Monarch Maple Syrup.

WEEK OF PRAYER FOR Y. M. C. A.'S

Various Churches of the City Participate In World Wide Service.

This week is known the world over as the week of prayer for the Y. M. C. A. and in all the churches of the country special exercises have been held on this account. Last night at the various prayer services the "Y" and its work was made the object of special prayer and praise.

Object of the Association.

The Y. M. C. A. is fundamentally a christian brotherhood, seeking to build up a symmetrical christian manhood. It therefore differs from solely recreative, educational and social movements, in that its controlling purpose is the making of christian men, through allegiance in faith and life to Jesus Christ our Savior and Lord, and through enlistment in service for the extension of His kingdom.

This supreme purpose should dominate all association activities. As a brotherhood, the association seeks to invite for training and service those men and boys who testify to their christian discipleship by becoming and remaining members of evangelical churches. However it welcomes the co-operation of all who are in sympathy with its objects.

The association is an agency of the church, at work among men and boys.

Its ultimate object, in common with other christian agencies, is no less comprehensive, than the winning of every man and boy, in this land and other lands, for Christ and for membership and active service in His church.

The Field.

The association does not fully occupy its field when it reaches only its membership and others who may come into the building.

Its work for the membership and in the building must be aggressive and efficient, and from this center trained and capable men should go forth to carry the service of the association to those who do not come to the building.

Physical Work.

Every boy or man who joins the association is put in a class according to his age, thus:

Juniors (boys 10 to 12) meet Thursday afternoon at 4 o'clock and Sunday morning at 9 o'clock.

Older boys (boys 12 to 16) meet Tuesday afternoon at 4 and Saturday morning at 9:30.

Intermediate (boys 16 to 18) meet Wednesday and Friday nights at 7:45 o'clock.

Seniors (young men 18 to 25) meet Monday and Thursday nights at 7:45.

Business Men's class meet Monday, Wednesday and Friday afternoons at 4:30.

PHILADELPHIA CAPTURES AMERICAN LEAGUE CLUB FIELDING HONORS

Official Averages Show World's Championship Boston Team Second and Chicago Third.

Chicago, Nov. 13.—Club fielding honors of the American league go to the Philadelphia club for the 1912 season with the world's champion Philadelphia team second, according to official averages issued tonight.

Chicago was third and Washington fourth.

Although fourth in the list, "Chick" Gandil of Washington is the real leader in fielding among the first basemen, he made only 12 errors in 117 games during which he accepted 1,174 chances. Borton of Chicago officially heads the list with an average of .997. He played 31 games, handled 328 chances and made only one error.

Morris Rath of Chicago outtrived two veterans, Lajoie of Cleveland, and Collins of Philadelphia, at second base. He handled 816 chances with only 313 errors to his credit.

McBride of Washington leads the shortstops, while Turner of Cleveland tops the list of third basemen.

Figures show Strunk of Philadelphia as the best among the outfielders with Sam Crawford of Detroit a close second. They made only three errors each during the season.

Three pitchers played errorless ball the entire season. White of Chicago, Plank and Coombs of Philadelphia each finished the season with an average of .1,000.

Walsh of Chicago, who generally is regarded as a good fielding pitcher, made 15 errors, the largest number of any pitcher in the league.

Cady of Boston did the best work among the catchers.

The Junior Philathea class of the First Baptist church will give an oyster supper Saturday night in the church parlors, from 5 till 8; 25c.

ATTENTION, WOODMEN.

Members of Camp No. 912 are requested to meet with Camp No. 132 at the hall on Friday, 7:30 p. m. to hear Judge M. H. Cleary of Galena, Ill., on matters of interest to all Woodmen.

AUTOMOBILE CATCHES FIRE.

Wednesday evening about 5 o'clock Harry Hart's Hudson automobile caught fire in front of the court house and for a time caused quite a little excitement. Mr. Hart had cranked the machine and when it backfired the gasoline in the carburetor caught fire. E. F. Johnson brought a fire extinguisher to the scene and extinguished the blaze.

The machine was taken to a garage for repairs and at present it is not known just the amount of the damage.

COURT HOUSE NEWS.

CIRCUIT COURT.

In the circuit court Wednesday Judge Thompson entered the only order sustaining the demurrer to the declaration in the case of Mrs. Ann Scott against City of Jacksonville. Leave was given the complainant to amend the declaration. Mrs. Scott is suing the city for injuries received by falling into a ditch which it is alleged that the city left open through neglect.

DOCKET IS SET.

The trial docket for the coming week of the Morgan county circuit court has been set as follows:

Wednesday, Nov. 20.—City of Jacksonville vs. H. S. Glazebrook, appeal from justice peace; City of Jacksonville vs. T. J. Brady, appeal from justice peace.

Thursday, Nov. 21.—Earl E. Fox vs. Martin L. Anderson, trespass; People by State's Attorney vs. W. E. Mayfield, et al., appeal from county court.

Friday, Nov. 22.—John L. Chapman vs. Arnold Elevator Co., appeal from justice peace; Charles Price vs. Rev. John W. Crowe, appeal from justice peace.

PROBATE COURT.

Estate of Alvin Landis, deceased. Final report approved and distribution ordered. Share of Joseph Landis to be paid to county treasurer.

Estate of W. C. McMillan, deceased. Petition to omit appraisal allowed.

Estate of William Ezard, deceased. Petition for probate of will. Same admitted. Letters to issue to Charles Ezard and Charles E. Butler.

Estate of Mary Ann Baldwin, deceased. Appraisal title approved.

TO CONTEST WILL.

Heirs of the late E. P. Jones, by Attorneys Worthington, Reeve and Green have filed a suit in the circuit court to set aside the will. The complainants are Mrs. Harriet A. Coddling, Lizzie L. Jones, for Fletcher and Paul Jones against Sidney P. Mary and Blanche Jones and others.

The property is said to be worth \$300,000 and it is set forth that the division was unequal. Undue influence is also alleged in the bill of complaint. Mrs. Coddling is a daughter of Mr. Jones by his first marriage and lives in the east and Mrs. Lizzie Jones is the widow of Mr. Jones' son Fletcher and lives in Kansas City.

GRADED S. S. UNION.

A meeting of the Graded Sunday School union was held Wednesday afternoon at Grace M. E. church with a large number in attendance. One of the pleasing features of the afternoon's work was the splendid talk given on the Old Testament by Miss Neville of the Woman's college. The third year junior work was presented by Mrs. R. A. Gause, the third year primary by Mrs. Frank Haigrove, the second year primary by Miss Alice Wadsworth, the primary by Mrs. J. I. Graham, and the Beginners by Mrs. F. H. Plouer.

Mrs. J. E. Wharton, who has been president of the union, has resigned and Miss Alice Wadsworth was appointed her successor.

Montgomery & Deppes's Closing Out Sale of dress goods, silks, velvets and trimmings starts today.

A Great Aid to the Housewife

Oil of Gladness Mops are a boon to women who keep house. They make it possible to keep floors clean and shining and that with a minimum of labor. Where Oil of Gladness is used regularly the dust is taken up each day and the floor is left clean and smooth. The ferros of house cleaning enter not into the household where Oil of Gladness mops have been used for no special season of cleaning is necessary.

Oil of Gladness is Great For Furniture

Floors and ordinary woodwork do not alone call for the use of Oil of Gladness for it is equally good for furniture. Used on the finest woods it will leave a splendid polish. Ask us about Oil of Gladness and its many uses.

PRESIDENT FIXES PANAMA RATES

(Continued From Page One.)

North sea ports of Europe with the Orient east of Singapore. For voyages between the eastern ports of the United States and the Orient, fuel expenses via Panama will be less than by way of Suez; and, with equal tolls at each canal, the Panama route will readily secure the traffic.

"It is not to be expected that much of the commerce of Europe with the Pacific seaboard of Asia can be diverted to Panama from its present route via Suez. Distances are less via Suez, and, with the exception of voyages from north Europe to Japan and return, the fuel expenses are lower by way of Suez. With equal tolls at Panama and Suez, some vessels will take the Panama route between Japan and Europe in order to discharge and secure cargo at American ports. To attract from the Suez to the American route any considerable additional share of the European-Oriental tonnage the rates of toll at Panama would have to be made so low as to reduce unjustifiably the revenues of the canal.

Rate Will Not be Burdensome.
"A Panama toll of \$1.25 per net ton will not unduly burden the commerce served by the canal. The costs of transportation between the two seaboard of the United States will be reduced several times the amount of tolls and for the commerce of the eastern seaboard of the United States with western South America and with Australia, the economies effected by the Panama canal will largely exceed the toll suggested. Likewise the saving in time and fuel expenses via Panama as compared with the Magellan route between our eastern seaboard and New Zealand will be such as to insure the profitable use of the Panama canal. Nor will a toll of \$1.20 per net ton seriously restrict the use of the canal by European countries. For the commerce of Europe with Chile and with New Zealand the saving resulting from the shortening of the time of voyage via Panama as compared with the Straits of Magellan, would warrant the payment of tolls of \$1.20 per net vessel ton for using the Panama canal; but the fuel expenses via Panama will be so much less than via Magellan as to make the canal route preferable even with tolls of \$1.20 per net ton.

"Moreover, the profitable trade route between Europe and Chile is via Panama, and the ports intermediate between the Isthmus and Valparaiso. Panama is the natural entrance for the west coast of South American trade.

Suez Rate is Higher.
"The normal growth of traffic of the Panama canal will not be interfered with by a toll of \$1.20 per net ton. The tonnage of shipping using the Suez canal has increased rapidly, the growth of traffic having been about 70 per cent during the last ten years, although the tolls at the opening of the decade were \$1.74 per net ton, and in 1911, \$1.30—a higher rate than is recommended for Panama. It is suggested that the tolls at Panama start with the relatively low rate to which the Suez charges will have been brought in 1913, at the end of 43 years of traffic development."

In the president's proclamation the rate upon war vessels was fixed at 50 cents a displacement ton and Prof. Johnson had this comment to make:

"The tolls upon merchant vessels should be fixed low enough to enable the Panama canal effectively to promote the commerce of the United States and the world, but the United States government is not called upon to make the Panama canal tolls upon warships low for the purpose of lightening the naval burdens of foreign countries. In sending their warships through the Panama canal, foreign nations should pay tolls high enough to cover costs and risks incurred by the canal authorities in performing the service rendered."

We are closing out all our dress goods, silks, velvets and trimmings. Sale starts today.

BOTH HUSBAND AND WIFE WRITE

Relatives in the City Receive Letters From Both Mr. and Mrs. Lesh.

Another peculiar chapter has been added to the Mrs. Pansy Hastings Lesh case, when Wednesday relatives in Jacksonville received letters from not only Mrs. Lesh, but also her husband.

In the first reports sent out as a statement from Mrs. Lesh, she said that she had gone out to California with her husband, who there deserted her and her child and it was for this reason that she finally decided to tell the police authorities of Los Angeles, that she had killed two women in Missouri.

The relatives here are at a loss to understand just how Mr. Lesh learned of the facts of the relatives being here, but supposed he must have read the stories from the press. It was thought that he had left Los Angeles fearing arrest, but the letter was written from Los Angeles and his address in that city given.

Mrs. Lesh writes that she is anxious to learn more of her relatives here and asked several questions about her people. She said nothing of returning to Jacksonville or about the crime for which she will probably be brought back to Missouri to answer for. Mr. Lesh's letter was also of an inquiry nature and was to the effect that if he received information of the people here and other things, that in return he would tell some facts that would be of interest to Mrs. Lesh's relatives.

A letter was also received from the chief of police of Los Angeles saying that Mrs. Lesh was being held there and reciting briefly of the prisoner. One of the letters stated that if some action was not taken by the Missouri authorities in the matter at once that the woman would be held no longer.

SHOOTS MOTHER BY MISTAKE FOR BURGLAR IN SLEEPING CAR

Daughter Awakened in Night by Mother Crawling Over Her in Berth, Draws Revolver and Shoots Her Dead.

Philadelphia, Nov. 13.—Mrs. J. Rappe Meyers, wife of the proprietor of the Rappe hotel, Greensburg, Pa., was shot by her daughter, Gladys Elizabeth Meyers, in mistake for a burglar in a sleeping car on a Pennsylvania railroad, en route for New York early this morning. She died a short time later in a Trenton, N. J., hospital. The shooting occurred when the train was passing Corydon, Pa., near Trenton.

Miss Meyers and W. R. Cuthbert, 60 years old, of Lynchburg, Va., were detained by the Trenton police.

It was thought at first that Cuthbert was concerned in some way in the shooting as he was found with Miss Meyers at the side of the wounded woman a few seconds after the sound of the shot aroused the other passenger in the car and brought the porter and conductor. Later he explained that he had been standing on the front platform of the next car in the rear and had run in when he heard the shot. Then the police informed him that they would detain him merely as a material witness. The Trenton police said they were satisfied the shooting was accidental, and that Mr. Cuthbert went to the aid of a person whom he had reason to believe was in distress. Tonight both Miss Meyers and Mr. Cuthbert were released.

Miss Meyers said this evening that early in the morning her mother went to the washroom and during her absence she fell asleep. Suddenly she was awakened by someone crawling into her berth and pulling a revolver from under the pillow fired.

She was horrified to hear her mother scream and see her stagger away. She said she shouted for a doctor and Mr. Cuthbert came forward and offered to assist.

Destroy Everything in Their Way.

Athens, Nov. 13.—An official despatch from Arta says the conduct of the Turks in Epirus was like that of men anxious to destroy their possessions because they could not retain them. Not only the Bashi Bazouks, but the Turkish regulars engaged in the work of destruction in all the territory evacuated. One detachment acting under orders of the Janina chief of police pillaged and burned 31 villages in the Janina district in the last few days. In the Malakassi district eleven villages were destroyed and the inhabitants took refuge in caves in the mountains.

In the neighborhood of Janina there are 6,000 women and children dying of hunger. Eighteen hundred Christians have succeeded in reaching Greek villages absolutely destitute.

RICHARD YATES IMPROVING.

Springfield, Ill., Nov. 13.—Former Governor Richard Yates, who is suffering from an infection due to the scratch of a pin, was getting along very well tonight. The infected spot on his leg was lanced again today. There is no fear of blood poisoning setting in, but the former governor will be confined to his home for a week or more.

FUNERAL NOTICE.

The funeral of Mrs. Martha Williams will be held this afternoon at 2:30 from McCabe M. E. church.

Indianapolis, Ind., Nov. 15.—Allen Spaulding, a juror whose illness caused the postponement of the dynamite conspiracy trial, was so much improved tonight, it was said, the hearing will be resumed tomorrow.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance. It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness. Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure. Accept no substitute—there is none. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

INTEREST SHOWN
IN POULTRY SHOW

Indications are That Display of Fowls Will Be Larger Than Ever Rules and Regulations.

The indications are that there will be a larger list of entries than ever before at the free poultry show to be given December 4, 5, 6 and 7, under the auspices of the Morgan county poultry association. The corn exhibit at the same time will also attract a lot of attention. Rules and regulations covering the show and the requirements as to entries are as follows:

- Rules and Regulations.**
1. The latest American Standard of Perfection will govern the judges in standard varieties. And the rules therein will be followed as far as practicable.
 2. Five cents will be charged for banding each bird not properly banded.
 3. All birds competing must be strictly the property of the exhibitor. All specimens entered by an offending party will be excluded from competing, if discovered in time; if not, all premiums such exhibitor will be withheld.
 4. The association will feed and care for all stock but will not be responsible for any loss that might occur.
 5. During the show all birds will be under control of the superintendent, and cannot be removed without his consent. No person shall handle or remove from the coop the birds of any other exhibitor without the consent of the superintendent or owner. Birds may be removed after 6 p. m. Dec. 7th, 1912, and the superintendent may send birds by express as early as 3 p. m. of that day.
 6. Breeding pens may consist of fowls, old or young, or both together, and must consist of one male and four females, each to first be entered separately.
 7. Birds should be exhibited in coops of standard size provided by the exhibitor, as follows: 24 inches wide, 30 inches high, and 24 to 48 inches long. Coops for turkeys and geese may be 36 inches high and those for Bantams and pigeons may be 15 or 18 inches high. All coops should have white canvas and light blue frame. Coops may be rented from the association, but orders should be placed not later than Dec. 1st.
 8. A display shall consist of five or more entries unless otherwise specified. In case of a tie, the largest number is to win. In awarding premiums for display, birds competing shall count as follows: Those winning first prize, 5 points; second prize, 4 points; third prize, 3 points; fourth prize, 2 points; all other birds competing and not disqualified, scoring 85 points or better, 1 point. Individual premiums only, to be entered.

1. All entries must be made subject to the rules of the association and on blanks furnished by the secretary, to whom all remittances must be made.

2. The entry fee for birds, including turkeys, ducks and geese, is 25 cents each; breeding pens (see Rule 6) 50 cents; pigeons, 15 cents per pair; non-competing birds, 10 cents each.

3. Entries will positively close Monday, Dec. 2, 1912, at 5 p. m., and all stock must be in place before 9 p. m. Tuesday, Dec. 3, 1912.

4. Transportation charges and fees must be fully prepaid, and stock shipped to "Superintendent, Morgan Co. Poultry Ass'n, Jacksonville, Ill."

5. Coops may be rented as follows: Pen size coop (3 to 5 birds) 50 cents; single coop (1 or 2 birds) 35 cents. Orders must be placed early.

6. The Purina Co., makers of the famous "Chicken Chowder" and other "Checkerboard" products, furnishes the entry blanks to the association free of charge.

QUICK RELIEF FOR RHEUMATISM.
George W. Koons, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist, house.

MEETING OF FACULTY.
The high school teachers held their November monthly meeting with Prof. and Mrs. T. P. Carter, Tuesday evening on Lincoln avenue. The subject for the evening was "How to Study and Teaching How to Study," by McMurray. Special papers were read by McMurray, Prof. Carter and Paul Morrison. After a discussion of the subject by the teachers the evening was given over to a social hour, followed by the serving of elaborate refreshments. It was the last meeting Principal Stoops could attend before going to his work in Joliet. He took occasion to thank the members of the faculty for the silver set they had presented him the day before. It is with much regret that Principal Stoops leaves the high school nad the farewell accorded him Tuesday night was indeed sincere.

They Make You Feel Good.
The pleasant purgative effect produced by Chamberlain's Tablets and the healthy condition of body and mind which they create make one feel joyful. For sale by all dealers.

HUGE POTATOES.
John Morrissey, who moved from this vicinity to Billings, Mont., has sent home some mammoth potatoes which may be seen in the window of the Journal office for a short time. They are certainly monsters and show that Montana can produce something beside wool and grass. It is not known of what variety they are, but they are fine tubers and doubtless would taste as good as they look if cooked properly.

A PLEASANT SURPRISE.
Tuesday evening Mr. and Mrs. Grant Smart, who recently removed to this city from Lynnville, were made to feel that such desirable residents as they are will always find a cordial welcome in Jacksonville. The way the information was conveyed this time was by some thirty-five friends who came all masked and bringing with them baskets well filled with the good things of life. The evening passed right merrily with games, music and many pleasant features while the eatables were of course fully enjoyed. The self-invited visitors were members of the M. P. L. principally and the affair was engineered by Mrs. George Wolke.

James Therio, Iron River, Mich., says of Foley's Honey and Tar Compound: "This winter both my children and I were troubled with bad coughs. We used Foley's Honey and Tar Compound and it promptly cured. I can recommend it as a good cough and cold cure." Contains no opiates. City Drug Store, J. A. Obermeyer.

STATE NEWS.

Springfield W. C. A. to Raise \$35,000.—A campaign to raise \$35,000 in five days was inaugurated by the Young Woman's Christian association of Springfield. This will complete the campaign for funds to pay for the new four-story home in course of construction by the association. The sum of \$70,000 already has been subscribed, making the total cost of the buildings and furnishings \$105,000.

Mummified Cat Discovered.—A mummified cat was found by workmen who were tearing away the foundation of the Friedmeyer home-stead in Hillsboro a few days ago. The cat was in a perfect state of preservation, although it had been in the foundation for eighty years. Owing to the fact that the foundation was a double wall of brick, it is thought that the cat ran into it while it was in course of construction and that workmen buried it alive.

Duquoin Minister Retires.—Dr. E. L. Carr of Duquoin, who recently accepted the office of president of Ewing college to succeed Dr. W. A. Mathews of Chicago, who resigned, has assumed his new duties. Announcement has been made that Rev. J. R. McDuffy of Ewing will succeed Dr. Carr as pastor of the Second Baptist church of Marion.

Wesleyan Campaign.—A campaign for \$200,000 for Illinois Wesleyan at Bloomington, is now underway. Bishop Lewis, who has the reputation of being a great money raiser for educational purposes in the great Methodist church, will assist in the work. Bishop Lewis did wonderful work in China while a missionary there and his efforts in raising money for the cause attracted wide attention.

Successful Elopers.—Little did E. F. Harper, city engineer of East St. Louis, expect that when Miss Flora Murray, his pretty stenographer, asked to get away for the afternoon on Oct. 3, that she and his son, H. E. Harper, planned an elopement. The young couple went to St. Louis and boarded an Illinois Traction car to Carlinville, where they secured a marriage license, and were married at the court house by Rev. R. A. Rhodes, pastor of the First Baptist church of Carlinville.

Alton Boat Has Apple Record.—The steamed Mary, piloted by Mrs. Yveta G. Hulet, wins the honors for having transported the most apples from Calhoun county this season. The Mary delivered 20,000 barrels of apples to Alton. The last load was 1,500 barrels. All trips have been piloted by Mrs. Hulet, who has been a pilot since 1908.

Preacher Now a Detective.—Rev. O. A. H. de la Gardie of Denver, Col., has been calling on a number of his friends in Pontiac the past week. He is a member of the Central Illinois Conference of the Methodist Episcopal church and was a pastor in this district a few years ago, but on account of failing health was compelled to go west and has since lived in Colorado. He is now a detective for Uncle Sam.

Christian Risser, aged 93, voted at the polls at Roanoke, which made his twentieth presidential election vote, a record that few attain. His first vote was in 1844, when James K. Polk was elected. Mr. Risser voted the Democratic ticket with the exception of three times. Two of these were for Abraham Lincoln, in 1860 and 1864. He was adverse to slavery and thus favored Lincoln.

Mr. Hiram Steele, 628 N. 6th St., Terre Haute, Ind., writes: "I came down with a severe case of kidney trouble. I had to get up too often at night, there was pain and much sediment, puffs under my eyes, back pained terribly, and I was dizzy. Foley Kidney Pills cured me quickly, and I feel 100 per cent better. City Drug Store, J. A. Obermeyer."

EIGHTH GRADE MEETING.
In the competition for securing the greatest number of paid-up subscriptions to the Nautlius, the high school paper, the following was the result: Eighth grade, 69; Seniors, 33; Juniors, 10; Sophomores, 10; Freshmen, 11. The Freshmen won the contest last year.

Declare War on Colds.
A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. There is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid the fresh air."
"Don't stuff yourself at meal time."
Over-eating reduces your resistance.

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.

Oliver Tablets.
When you feel that your liver and bowels need help take Dr. Edwards' Olive Tablets. Substitute for Calomel. Calomel is effective, but dangerous—causing bad after-effects. Oliver Tablets are especially made to take the place of Calomel. Dr. Edwards for years has been Calomel's foe. He saw its dangers and its disadvantages in 17 years' practice, treating patients for all kinds of liver and bowel complaints. In his efforts to do without Calomel he developed his now famous little olive-oil-colored tablets. Oliver Tablets are mild but effective. Safe and sure. Pleasant to take but unfailing in results.

Oliver Tablets oil the bowels just enough to start Nature's own action, and they tone up the liver at the same time. They are made from a rare combination of vegetable compounds mixed with olive oil.

ACCIDENTS AND OTHERWISE

Chatworth Man Falls to Death.—Henry Rosenbaum, a carpenter, fell from his haymow and received injuries which resulted in his death. In some manner unknown he fell to the ground floor and struck upon a carpenter's tool chest in such a way as to receive fatal injuries.

Man Breaks Neck in Fall.—Walking in his sleep Marion Worthen, 60 years old, fell downstairs at the home of his son, Fred, ten miles southwest of Murphysboro, and broke his neck.

Killed by the Train.—John Junk, 85 years old, a wealthy farmer of Knox county, was struck and killed by Burlington passenger train No. 48 at Henderson, Ill. He was one of the earliest settlers of this county.

Falls On a Saw.—J. D. Barner, 43 one of the wealthiest farmer near Danville, was cut in two by a circular saw. He was superintending the unloading of logs at his mill when he slipped and fell, rolling across the saw table into a revolving saw.

Woman Found Dead in Home.—Mrs. C. W. Fallis, wife of a prominent Danville physician, was found dead at her home. Mrs. Fallis came from Hoopston 15 years ago.

Young Hunter Loses an Eye.—Merle Bishop of Bloomington, who is 14 years old, and a companion were out in the woods hunting squirrels, and in passing through the timber they came upon an old rusty engine boiler. At the sight of this, Bishop remarked that it would be a good target and raised his rifle, a 22-calibre gun, to shoot. He shot and the ball rebounded, piercing his eye.

Killed By an Engine.—Bruce Jordan, a fireman employed by the Burlington and who has made his headquarters in Galesburg for the past three months, was hit by an engine and so badly injured that he died.

Vapor Exploded.—Vapor arising from a stove exploded and Mrs. Martin and daughter, Libby, of Fisher, Ill., were burned, probably fatally. An attack of appendicitis followed the girl's injuries.

Girls

Read About These Three Girls. How Sick They Were and How Their Health Was Restored by Lydia E. Pinkham's Vegetable Compound.

Appleton, Wis.—"I take pleasure in writing you an account of my sickness. I told a friend of mine how I felt and she said I had female trouble and advised me to use Lydia E. Pinkham's Vegetable Compound, as she had taken it herself for the same trouble with wonderful results. I had been sickly for two years and overworked myself, and had such bad feelings every month that I could hardly walk for pain. I was very nervous and easily tired out and could not sleep nights. I had dizzy spells, and pimples came on my face. But I have taken your Lydia E. Pinkham's Vegetable Compound and it has restored my health. I think it is the best medicine in existence."—Miss CECILIA M. BAUER, 1161 Lawrence St., Appleton, Wis.

A SCHOOL TEACHER'S GRATITUDE:
Geneva, Iowa—"I have been teaching school for some years and I have neglected my health because I was too busy with my work to attend to myself properly. I suffered greatly every month and was on the verge of a nervous breakdown. "I wrote to you about my condition and took Lydia E. Pinkham's Vegetable Compound and the Blood Purifier as you recommended. These remedies have done wonders for me and I can highly and widely recommend them to every suffering woman."—Miss MINNIE SHAVER, R. F. D. No. 1, Geneva, Iowa, c/o Sam Erickson.

A COLORADO GIRL'S CASE:
Montrose, Col.—"I was troubled very much with irregular periods. Sometimes two months would elapse. I suffered severe headache, was weak and nervous, could eat scarcely anything. "I took both Lydia E. Pinkham's Vegetable Compound and Blood Purifier and the result was wonderful. I feel like another person. "I think your remedies are the best on earth and cannot express my thankfulness to you for what they have done to me. I help my neighbors when they are sick, and I shall always recommend your medicines."—Miss ELLA McCANDLESS, Montrose, Col.

Is it not reasonable to suppose that a medicine that did so much for these girls will benefit any other girl who is suffering with the same troubles? Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there are lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

What Ails You?

Do you feel weak, tired, dependent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. AN OLD INDIAN REMEDY

S. S. S. is one of the oldest of medicines; it was prepared and used by the Indian Medicine Man hundreds of years ago in the treatment of all blood disorders. Of course it did not then bear its present name, but the formula for compounding it was just what it is today, and its results then as now, entirely satisfactory to those who used it. S. S. S. is made entirely of roots, herbs and barks without the addition of a particle of mineral. It is the widest known and the best acting blood purifier before the public today. This great remedy cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Specific Blood Poison and any and all blood infections and impurities. No one need fear to use S. S. S. It is perfectly safe for any system, and its fine vegetable tonic effects especially recommend it to all weak, debilitated persons who may be in need of a blood purifier. S. S. S. goes into the circulation and removes every particle of impurity, humor or poison from the blood. S. S. S. acts most pleasantly and beneficially on the stomach, assists in toning up the digestive members, and contributes in every way to the blessing of strong robust health. Write for free book on the blood and any medical advice you wish. S. S. S. is sold at drug stores, THE SWIFT SPECIFIC CO., ATLANTA, GA.

A Night of Terror.

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by all dealers.

REACHING THE SPOT.

It Has Been Done, So Scores of Jacksonville Citizens Say.

To get rid of an aching back, The sharp twinges, The tired-out feelings, You must reach the spot—get at the cause.

In many cases 'tis the kidneys. Doan's Kidney Pills are for weak kidneys.

Jacksonville citizens testify.

W. C. Osborn, 435 S. Clay St., Jacksonville, Ill., says: "Doan's Kidney Pills permanently cured me of kidney trouble when I used them in 1909. About two years I suffered from rheumatic pains in my back. I was lame and my kidneys did not do their work as they should. I heard other people speak highly of Doan's Kidney Pills and deciding to try them, I got a supply at Armstrong's Drug Store. In several weeks they cured me. I have had no further trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

MUST ANSWER FOR MURDER CHARGE

Mrs. Elsie Raymond Soon to be Tried for Crime Committed Seven Years Ago.

Augusta, Me., Nov. 13.—Witnesses are being rounded up and other preparations concluded for the trial of Mrs. Elsie Hobbs Raymond, which is scheduled to begin in the Kennebec county court here next Monday.

Mrs. Raymond is to be tried on a charge of murdering Mattie Hackett, the mystery of whose death has remained unsolved for more than seven years. The murder was so mysterious and atrocious that it roused the whole state of Maine.

Mattie Hackett was the young daughter of Levi Hackett of the town of Readfield. She was known to everyone in the rural community in which she lived and was about to become a bride. It was just after supper time on the evening of August 17, 1905, that Mr. Hackett asked his daughter to get some food for a young tramp who had asked for supper and a night's lodging. Mattie Hackett was wiping the dishes.

The father and the tramp started out to the barn to feed the cattle, leaving the daughter to get the tramp's meal. The other members of the Hackett family were spending the evening at a neighboring farmhouse down the road.

The supposition is that soon after the father and the tramp left for the barn the young woman was called from her home by some person and accompanied that person to a point about 100 yards from the door. On the return from the barn Mr. Hackett and the tramp heard an outcry and hastening to the spot found the young woman strangling. They carried her to the house and summoned aid.

It was several moments before a cord was discovered drawn tightly about Miss Hackett's neck and it was found she was dead. Farmers beat the bushes and cornfields about the Hackett home for several days in an effort to find the persons who were supposed to have committed the crime. The young tramp was never accused of having any share in planning or carrying out the murder, although he was held in the local jail for several days as a witness.

Suspicion soon fell upon Mrs. Raymond, an acquaintance of the murdered girl, who was believed to have been jealous of her. Mrs. Raymond and her husband gave an account of their movements on the evening of the crime which established an alibi that the state could not find evidence enough to destroy. The grand jury at that time failed to return an indictment.

At various times the attorneys for the state attempted to review the evidence and gather new evidence sufficient to warrant the indictment of somebody, but nothing definite was done until the grand jury met last April and returned an indictment against Mrs. Raymond, charging her with the murder. The arrest of Mrs. Raymond after seven years of veiled insinuation and suspicion made a sensation throughout this section of Maine. Since her arrest the woman has been confined in jail here.

Mrs. Raymond and her family appear to welcome the prospect of a trial and express themselves as certain of acquittal. Bert Raymond, husband of the accused woman, will be a leading witness for the defense. It is supposed that the state will endeavor to prove that Raymond's friendship for the murdered girl aroused Mrs. Raymond's jealousy and served as a motive for the alleged murder.

WOULD NOT CASH SIGHT DRAFT.

Two Merchants Refuse to Sell to Stranger Who Could not be Identified.

One day last week a respectably-dressed stranger entered a clothing store in this city and bought a small bill of goods paying and departed.

Saturday he returned to the same place and selected a fine suit and said he had been annoyed by the mis-carriage of his mail which had gone to another person on one of the rural routes out of the city. He said he would call later and taken the goods.

Meantime he went to a jewelry store in the city and selected a watch which he liked and which was quite expensive and offered in payment a sight draft drawn on a firm in Chicago by another person.

The jeweler declined to accept the draft and the man went away with an air of greatly injured innocence and went to the clothing store and offered the draft there. He said he was going to buy an automobile while in the city as he could get it cheaper here than in his home in Chicago by considerable.

The clothing man also refused the draft and stranger was much hurt by the refusal to accept his word and the genuineness of the paper he offered. The man was told to return in half an hour and while he was away the merchant telephoned to the postoffice and found the letter story to be true. As it was after banking hours the merchant telephoned to a bank official to call at the store which the banker did and was there when the stranger returned. The banker said the draft might be all right, but he had no way of certainly determining its validity.

The banker told the stranger to leave it and they would send it to Chicago and if it was all right they would have a wire to this effect Monday morning, but the man said he couldn't wait well as he had an engagement. He said also that the maker of the draft would be here Monday and make things all right, but they told him that wouldn't help things, as that man would be a stranger also.

With many protestations that he was an honest man and deeply grieved over the way he was being treated, he departed promising to return yesterday with the money, but he failed to arrive. It may be he found a cheaper suit and a watch that suited him better elsewhere or it may be—well—its of no use to speculate on the subject.

ESTABLISHED 16 YEARS

On the day that William McKinley was elected president of the United States, The Johnston Agency was opened in the Duncan Bldg. It remained there 11 years, and has now been 5 years in the Courier Bldg. During these 16 years we have loaned approximately two million dollars of Morgan county money on Morgan county land and Jacksonville residence property. During all that time the only property the lenders have had to take under mortgage was the one owner of which had died.

We respectfully solicit the placing of your loans, the selling of your real estate and the writing of your fire and tornado insurance business.

GENERAL MARKET NEWS

WHEAT MARKET

IN RECORD DROP

Makes Lowest Close of Season—
Corn Weakens With Wheat Be-
cause of Expected Cold Weather.

(By Associated Press.)
Chicago, Nov. 13.—Wheat today
made the lowest close of the season.
Denials that Argentine crop condi-
tions had become less promising
turned the market heavy. Final
prices were at a halt, but 1/2 to 3/4c
under last night. Latest trading left
corn 1/2 to 3/4c down, oats off 1/4
to 1/2c and provisions at an ad-
vance of 10 to 12 1/2c.

Argentine rather than Turkey
look the attention of the market. A
leading house here stood sponsor for
statements that the reports of hot
winds and excessive rain in Argen-
tina had originated in this country
and that neither Buenos Ayres nor
Liverpool could confirm such un-
favorable tidings. On the contrary,
the outlook for the harvest now near
at hand was declared to be excellent.

Reports that Austria had conceded
an Adriatic outlet for Serbia tended
to help restrict wheat demand to oc-
casional covering by shorts. De-
cember closed from 88 3/8 to 88 1/2c,
closing 1/2c net lower at 88 1/2c.

Corn weakened with wheat and
because of expected clear cold weath-
er. Nearly all reports were favor-
able concerning the new crop. De-
cember ranged from 49 1/2 to 49 3/4c
and 50c, closing steady at 49 3/4c, a decline
of 1/4c from last night.

In oats, the record stood the same
as for wheat—the lowest close of the
season. Slackness of demand was
responsible in the main. Outside
limits reached by December were
30 1/2 to 30 3/4c and 31 1/2 to 31 3/4c, with
the close 1/4c down at 30 3/4c.

Provisions ranged stronger through-
out on account of diminished sup-
plies of hogs. In the end pork had
risen 5 to 20c, lard 12 1/2 to 20c and
ribs 10 to 12 1/2 to 12 1/2c.

NEW YORK STOCKS.
New York, Nov. 13.—By reason of
its extreme dullness the course of
today's stock market hardly merits
detailed comment.

Price changes were irregular for
the greater part of the session with
a steady tone in the final hour,
when most prices of the day were
recorded. Trading lost none of its
professional character but even that
faction seemed adverse to taking on
new commitments.

There were no developments to
account for the market's apathy
other than prevailing political and
financial conditions. The news from
abroad was decidedly more cheerful
on the improvement in the diplo-
matic outlook. London was again
a buyer here but purchases were
too moderate to exercise any in-
fluence. In the early part of the
session there were signs of pressure
upon such leaders as United States
steel, Amalgamated Copper, Ameri-
can Smelting, the several oil shares
and American Beet Sugar. Union
Pacific also denoted short selling,
while an abrupt decline in Wabash
preferred was associated with the
tangle in that road's re-organization
plan.

The few pronounced gains of the
day were limited to some of the
high priced specialties, such as Sears
Roebuck and National Biscuit. The
recognized trade authorities issued
encouraging statements respecting
the steel and iron industry and job-
bers in the middle west quoted cer-
tain finished products at a slight ad-
vance. The sluggishness of the cop-
per group was accompanied by rum-
ors of a shading of prices for the
metal.

Monetary conditions were un-
changed although call loans did not
get beyond 5 per cent. Local and
interior banks made further pur-
chases of commercial paper, which
was accepted as additional proof of
increased mercantile activity.

YATESVILLE.

Mrs. Effie Hubbs and family spent Sunday at the home of K. Green. There will be a box supper and entertainment at Prentice church Wednesday night, Nov. 27, for the benefit of the Prentice Bible school.

Mr. and Mrs. Will Reed entertained a number of friends at their home near Oak Ridge Saturday evening. Refreshments were served and the occasion was a pleasant one. Mr. and Mrs. S. E. Bingman were guests of Jacksonville friends last Thursday.

Mrs. Ora Eldridge was shopping in Ashland Saturday. John McDaniel spent Sunday here. Mr. and Mrs. A. J. Brown expect to remove to Ashland in the near future, where they will make their home. We regret to lose them from among us, but wish them success in their new home.

Revival meeting is in progress at Berea church. Rev. T. J. Shaw, evangelist, and Mr. Harper, singer. Mr. and Mrs. George Holmes and Miss Celia Clapp spent Sunday with Grandma Stockton near Oak Ridge.

“TELLS THE WHOLE STORY.”

To say that Foley's Honey and Tar Compound is best for children and grown persons and contains no opiates tells only part of the tale. The whole story is that it is the best medicine for coughs, colds, croup, bronchitis and other affections of the throat, chest and lungs. Stops la grippe coughs and has a healing and soothing effect. Remember the name, Foley's Honey and Tar Compound, accept no substitutes. City Drug Store, J. A. Obermeyer.

ASK NEW TRIAL FOR MURDERERS.

Chicago, Ill., Nov. 13.—Judge Winde today heard arguments on a motion for a new trial in the case of Mrs. Louisa Lindloff, spiritualist and crystal gazer, who was recently convicted of the murder of her 15-year-old son and sentenced to twenty-five years in the penitentiary. The Lindloff boy died June 13 last and the state charged that he was poisoned. Mrs. Lindloff was arrested June 14 on suspicion of having poisoned two husbands and her three children in order to collect insurance on their lives.

Mrs. Peter Holan, 11501 Buckeye Road, S. E., Cleveland, O., had a little son with a bad case of whooping cough. She says: “He coughed until he was blue in the face. I gave him Foley's honey and Tar Compound, and the first few doses had a remarkable and almost immediate effect. A few more doses cured him. Yes indeed I can recommend Foley's Honey and Tar Compound.” In the yellow package. City Drug Store, J. A. Obermeyer.

DURBIN.

Mrs. Bert Rawlings is beginning to improve a little in health.

Mr. and Mrs. Fred Gray and children of Murrayville spent Sunday with Mr. and Mrs. Thomas Smith.

Rev. F. A. McCarty, district superintendent, will preach at Durbin Friday evening, Saturday morning and Sunday afternoon. The Sunday school will also observe promotion day Sunday.

Miss Etta Robson of Jacksonville spent Sunday with her parents.

EDUCATION CAN PREVENT CRIMES

Dr. Phelan of Canada Tells Prison Congress That Much Can Be Done In This Line—Effective Work Will Curtail Criminal Tendencies.

Baltimore, Nov. 13.—Reporting to the prison congress today, the committee on discharged prisoners declared that supervision of the released prisoners by official authority is important. The committee accepted as commendable the principle of parole. The problem of prevention and probation which for many years has been prominently before the association, was dealt with in a report from a special committee on the subject. Alcoholism and tuberculosis associated with poverty the committee regarded as the most potent influence in producing mental defectiveness.

Prevention Is Needed. “The Influence of Education in the Prevention of Crime” was discussed this afternoon before the congress of the American Prison association by Dr. Daniel Phelan, president of the American association of Prison Surgeons and surgeons of the Dominion penitentiary at Toronto, Canada. “The old saying that ‘an ounce of prevention is worth more than a pound of cure,’” said Dr. Phelan, in opening his address, “is trite but very true. In regard to the crimes which become daily more prevalent in the world and which constitute a veritable menace to society, much thought has been given to devising means whereby they might be lessened.”

“The criminal tendencies come from heredity, environment, the atmosphere in which they have been condemned to live, and from other and equally self-evident sources, but since education or early training has much to do with the prevention of the multiplication of those who lead irregular lives in the world, I have selected that particular question as the subject of my brief investigation. As the lack of proper education is the cause of a large percentage of crime today, conversely, the encouragement of suitable education must necessarily tend to the diminishing of the number of those enemies of society who are present so frequently amongst us.”

“We all know that the impressions made on the young mind are the most lasting, and wield the greatest influence in shaping the future life of the individual. It is generally conceded that the only way the state can deter permanently the malefactor from the commission of his evil deeds is by educating him, for the weakness of the will power of the youth who is afflicted with evil tendencies can be strengthened by training and suitable education. The main purpose of which is not to enlighten the mind by means of a proficiency in certain studies; rather is it to prepare the individual to live in society, to awaken in him favorable tendencies to action, intellectual incentives to goodness, and the highest sentiments of moral obligation. The germs of moral insanity and also of crime are no doubt developed early in life, as the youth passes through a nervous and irritable state incident to his growth and development, and is consequently more emotional, impulsive, and willful during that critical period. Early education should, therefore, be directed towards correcting the inherited and anti-social impulses.

State Can Improve Conditions. “The state has it in its power to greatly improve conditions; to establish means by which proper instruction can be given on certain lines, and suitable training given to the mind, the will, and the moral senses. Philanthropy has a vast field whereon to exercise its benevolence and its endeavors; remembering, however, that the education which I am pointing out as a means of making the good citizen, is especially one of moral as well as physical training, and not the cultivation of the mind alone. An individual enjoying such an education is worthy of the best consideration of his fellow man.

“Take a poor, neglected youth, inclined to evil tendencies, and alive with ungovernable passion, and light up for him the torch of knowledge, and touch the hardness of his heart, if such is possible, even as Moses struck the rock and the water gushed forth, and you will perceive the transformation. If he has a spark of goodness in him, his mind becomes clearer, the feelings more tender, his aspirations more elevated, his yearnings more in accord with the inherent nobility of man's disposition, and his conduct more in harmony with the fundamental principles of social well-being. His cruel, heartless desire to prey upon the afflictions and sufferings, as well as upon the property and rights, yes, even upon the lives of others, are at least for a time effaced—he looks upon life with other eyes and other aspirations. This is merely a portrait of the effects which education would likely have upon one who was possessed of the finer feelings, but who had no opportunity for their development. This is the early training which is one's best friend and support—this is the early education which ‘chastens vice, guides virtue, gives fresh aspirations to the mind, and noble pulsations to the heart.’

Must Shape the Mind. “If the views which I entertain can awaken in our citizens a full realization of the danger that hangs like a cloud over society, on account of the lack of proper and timely education, then I have done some good and will experience the delightful sensation of the Roman emperor who thanked the gods that he had never lost a day without having performed some worthy deed. If we are to keep from things base, of importance then is the shaping and the cultivation of the mind, ‘a mind,’ as Seneca says, ‘which is free, unshaken, undaunted and steadfast, which thinks nothing good but honor, and nothing bad except shame.’ When one considers for a moment the great responsibility which rests upon the state, and how

HAD WET GOODS WITH HIM.

Clay Brice was taken before the grand jury yesterday charged with illicit liquor selling, but was released after he had persuaded the jurors that the whiskey he had with him when taken into custody had been purchased for someone else and was not his property. Brice is one of a number of men who go to Arenville for liquor who have the habit of getting off the Burlington at Independence avenue. Chief Davis and Patrolman Tuitt went out there Tuesday afternoon and when the train slowed up, Brice jumped off. He had a basket and in it two jugs of whiskey. Chief Davis still has the whiskey and is waiting for the owner to claim it.

ASBURY CEMETERY IS BEAUTIFUL SPOT

Burial Ground Connected With the Church of the Same Name is Well Kept.

One of the most beautiful and well kept resting places of the dead is Asbury cemetery situated about six miles southeast of the city and attached to the handsome church of the same name. In the center of the inclosure is a clump of evergreens making a beautiful appearance and being on slightly raised ground, the effect is pleasing. The entire premises are well kept and each owner seems to have a pride in the lot which belongs to him. The cemetery is contiguous to natural forest and all that pertains to it is in keeping with what traditionally belongs to "God's half acre."

In several places throughout the county are private burying grounds such as any person or persons have a full right to maintain yet to the casual observer it would seem a mistake to continue that practice as the fate of some of these spots is only too well known. Families pass away by death and removal and if the graves of the loved ones are not in a public ground there is great danger of their becoming neglected in the course of years.

Indissolubly connected with this cemetery is the history of Asbury church which was written up in the Journal some time since and proved to be of much interest as so many persons eminent in the cause of religion have been identified with the society.

It was a pleasant day when the writer visited that sacred spot and took down the names he found on the stones and monuments. He tried to get all and will be grateful to be advised of any omissions.

MORTUARY

Kloker.

The funeral services of Mrs. Minnie Kloker were conducted Wednesday from the St. Peter's Lutheran church three and a half miles northwest of Arezville, in charge of Rev. R. B. Pett. There was a large number of friends assembled to honor the dead. Music was furnished by Mrs. A. E. Streuter, Mrs. Edward Shrewsbury, U. B. Woods, Andrew Proudfoot with Mrs. Proudfoot as organist.

The flowers were kindly cared for by Mrs. Rudy Meyer, Mrs. Wade King and Miss Mabel Kloker. Interment was made in the church cemetery and the bearers were six grand-sons of the deceased.

Dodge.

Mrs. A. T. Swerlingen received a message Wednesday announcing the death of her niece, Mrs. Henry Dodge, who passed away at the home of her parents, Mr. and Mrs. Harvey Wise at Milton, Pike county, Tuesday. Mrs. Dodge was 33 years and 4 days old and is survived by her parents, her husband, one brother and two daughters. She was a member of the Methodist church.

Miss Mabel Swerlingen left Wednesday afternoon for Milton to attend the funeral which will be held this afternoon.

REPUBLICAN STATE SENATORS TAKE STEPS TO ORGANIZE

First Steps Towards Organizing Upper House Will be Taken at Meeting Held Saturday.

Chicago, Nov. 13.—Republican state senators will take the first steps toward organizing the upper house of the Illinois assembly, at a meeting to be held here a week from Saturday. A call signed by Nels Juul, Willett H. Cornwell, Carl Lundberg and William H. MacLean of Cook county and Frank A. Landee of Moline, Richard J. Barr of Joliet and Henry W. Johnson of Ottawa, has been sent to the twenty-seven senators-elect as Republicans to meet here November 23 at the Hamilton club.

The Republican leaders believe that they will be able to control the state senate. Twenty-six members make a majority. Some doubt exists as to the attitude of Walter Clyde Jones, elected as a Republican but now an avowed Progressive, and that of Thomas B. Stewart of Aurora, nominated by the Republicans but endorsed by the Progressives and who supported the Progressive ticket. Republican leaders express confidence that Senators Jones, Stewart and Harris, the newly elected Progressive members, will work with the Republicans.

RAILROAD PRESIDENT RESIGNS.

Philadelphia, Nov. 13.—Without any previous public intimation, James McCrea, president of the Pennsylvania railroad system, today handed his resignation to the directors of the company to take effect January 1. At the same time it was announced that Samuel Rea, a vice-president of the company, who was the right-hand man to President A. J. Cassatt, whom Mr. McCrea succeeded six years ago, had been chosen to succeed Mr. McCrea.

President McCrea's reason for resigning is that he felt that he needed a rest after spending nearly 50 years in the service of the Pennsylvania system.

SOCIAL EVENTS.

Mrs. J. B. Williams of Westminster street gave a party for the children on the cradle roll of the Congregational Sunday school and their mothers Wednesday afternoon. The little cradle roll mothers were also included in the list of those invited and several hours were very happily spent. The hostess had made some what extensive preparations for her guests and pink and white effects were used, both in the dainty decorations and the refreshments. Mrs. J. C. Fairbank came as a special guest to be grandmother to the whole company. She wore a gown fashioned fifty years ago and brought with her a number of merit cards, which had been given her when she was a little Sunday school girl and the children and their mothers alike were interested in seeing these trophies of good Sunday school behavior. The "little mothers" sang a number of songs, games were played and altogether the unique event was one of very great pleasure.

Mrs. J. F. Berry entertained the members of the Ladies' Aid society of the Liberty M. E. church at a 5 o'clock dinner at her home on Pine street. Following the regular business session an excellent program was given, which was followed with a very profitable discussion on "What Our Aids are Doing." The meeting was attended by about thirty, the following being guests of the society: Mrs. Tilman Sharp, Mrs. George Stout and daughter Edna, Mrs. Hattie Henderson and daughter Miss Carrie, Mrs. Clayton and Mrs. Henry Johnson. The program follows:

Piano solo—Miss Annabel Crum. Vocal duet—Mrs. James McFadden and Mrs. Albert Crum. Vocal duet—Mrs. Mary Litter and Mrs. May Litter. Reading, "Does He Care"—Mrs. Austin Beavers. Reading, "Not on Our Line"—Mrs. E. E. Murry.

BOOSTERS GET MANY MEMBERS

NEARLY ONE HUNDRED NAMES ADDED TO LIST.

Various Soliciting Committees Expect to Make Today a Banner One—Clock on Square Tells of Progress of Campaign.

Much interest and enthusiasm is being displayed in the campaign for members for the re-organized business men's association, which is to be incorporated as the Jacksonville Chamber of Commerce. Wednesday the seven committees worked faithfully and nearly one hundred new names were added to the list of members.

It is planned to make today the banner day of the campaign. There will be in the field twenty committees including one hundred men and the city is so divided that everyone can have a personal visit from someone. The committees will meet this morning at the business men's room to report for duty. At 12 o'clock all will lunch together at the business men's rooms, short talks will be given and reports received from the various committees. A striking feature of the campaign is that many citizens, who heretofore have not been associated closely with the affairs of the city, are taking an active interest in the campaign. The association has installed a large clock in the park and a scoreboard in the business men's rooms which tells the progress of the campaign. It is expected to get a membership of 400 by the time the canvassers finish their work.

SHOP REMOVAL SALE.

The rumor of the sale of the C. P. & St. L. railroad at auction on Nov. 19 and the purchase of the line by the Rock Island railroad has led to the statement that the new purchaser might move the local shops to one of their larger railroad centers, or where the company already has a shop. It is difficult to say just what course the Rock Island would take if they should be the successful bidder for the road. The removal of the shops will entail a big expense and the railroads always look long at the financial side of the question.

PLAN RECEPTION FOR YOUNG COUPLE

Mr. and Mrs. Brown Hitt of Island Grove, Who Were Recently Married, to Be Guest of Honor at Leland Hotel.

Mr. and Mrs. J. Brown Hitt, who were recently married in Memphis, Tenn., will be entertained at a reception and dance at the new Leland hotel in Springfield Wednesday evening, Nov. 27, by Mr. and Mrs. B. W. Brown and Mr. and Mrs. Logan Coleman. The young people are expected to arrive in Springfield Nov. 26 and will make their home in 701 South Sixth street.

The bride before her marriage was Miss Gladys Sullivan, daughter of Mr. and Mrs. John H. Sullivan, of Memphis, Tenn., and the groom is the son of the late Robert Hitt of Island Grove. The ceremony was performed last Saturday in the Grace Episcopal church in Memphis, Tenn., the pastor, Rev. J. B. Cannon, officiating.

The bride was attended by Mrs. B. B. Harvey, Jr., of Memphis, Tenn. and Mrs. Robert Brent Sullivan of Chicago as matrons of honor, who were recently married and were attired in their wedding gowns. They carried Detroit roses. Acting as bridesmaids were the Misses Marion Kavanaugh, Elizabeth Burns, Florence Turner, Elsie Hunter, Margaret Jones, all of Memphis; Mildred Glover of St. Louis, and Ella Eisenbrey of Baltimore.

The bridesmaids were attired in gowns of pink brocaded satin with long pointed trains and carried immense bouquets of Killarney roses. The bride carried a bouquet of lilies of the valley. The attendant of the groom was Robert B. Sullivan of Chicago as best man. The ushers were Leroy Cooper, Edward Reddick, Dorien Fleming of Memphis, Herbert Woods, Albert Guest, Alvin Keys, Rodman Matheny of Springfield, Charles Powers of Centraill, and Dr. Arthur Kenney of Chicago. A reception was held at the home of the bride's parents following the ceremony. The couple went to New Orleans and from there to New York on a wedding trip.

IN SECOND WARD.

Parent-Teachers' Meeting Proves Profitable Session.

A parent-teachers' meeting was held in the second ward Wednesday afternoon at the Lafayette school, with a large number in attendance. Miss H. Geneva Morrison was one of the speakers. She spoke on tuberculosis and ways to prevent it and of the work that was being accomplished along that line in Jacksonville. Rev. Mr. Hough was also present and gave an interesting and profitable talk. The only musical number was a piano selection by Master John Pyatt. The ladies of the first ward have asked the board of education for more lights in the building and this request has been granted. The next meeting will be held the second Wednesday in December.

TO HAVE NEW PASTOR.

Rev. George T. Gunter to Fill Springfield Church.

Rev. George T. Gunter was received by letter from the Presbytery of Springfield yesterday. He will become pastor of the Second Presbyterian church of Springfield after his installation on Dec. 4. The call specifies a salary of \$3,000 and a month's vacation on full pay annually.

At the same meeting the Rev. Samuel M. Morton, D. D., was received from the Presbytery of New Albany. Dr. Morton for many years was pastor of Westminster church of this city. He has lately been located in Indiana and now resides in Taylorville.

The next meeting of the Presbytery will be held in Northminster church in this city Dec. 9-10.

MISS RIDGELY TO WED.
The approaching marriage of Miss Eleanor Cullom Ridgely, daughter of William Barrett Ridgely, of Springfield, to Dr. Henry P. Parker of the same city, will take place Nov. 22 at the home of the bride's grandfather, Senator Shelby M. Cullom, the retiring senator from Illinois. November 22 is the 83rd birthday anniversary of Senator Cullom.

BIG CROWD SEES

"A MODERN EVE"

High Class Musical Comedy at the Grand Greeted by Packed House—Show One of the Best Stated for the Grand This Season.

One of the best musical comedies that a Jacksonville audience has had the pleasure of witnessing for some time held the boards at the local playhouse last night and proved up to expectations in every particular. The attraction, which ran all through the summer in Chicago, was presented by the same organization that officiated during the Chicago run.

The song hits, "Good-bye Everybody," "Hello Sweetheart," "Every Day is Christmas When You're Married" and "You're Such a Lonesome Moon Tonight," captured the crowd and were all good.

The work of Frank Deshon as the henpecked husband and Georgie Drew Mendum as the suffragette was especially clever and worthy of note. The dancing of Miss Bertie Beaumont, formerly with the "Miss Nobody From Starland" company, was the best seen on the local stage for a long time. Miss Beaumont is accredited with being one of the best dancers on the American stage today.

RACE FOR SPEAKERSHIP.

Chicago, Nov. 13.—The Democratic race for the speakership of the house was entered today by John J. McLaughlin, who mailed letters to all the Democratic members-elect, announcing his candidacy. Thomas N. Gorman, of Peoria, also is a candidate, and it is said, that efforts are being made to line up a sufficient number of Republicans to elect Gorman.

Contests for house seats are expected in the second, third and fourth Chicago districts. In the second district, Roger J. Marcy, Republican, will oppose the seating of Frank J. Shute, Progressive. In the third district, Henry M. Ashton, Democrat, will contest the election of William Ostrom, Republican, and in the fourth district Thomas A. Boyer, Republican, will contest the seating of Martin R. Gorman, Democrat.
